Applied standards and regulations	EN 1176-1:2017
Description	Tunnel, falling height 86 cm Length 200 cm, height 86 cm, diameter tunnel 60 cm
Submitted documents	None

Physical assessment

The design complies the criteria.

The happy bear can be lifted by a group of children. Therefore it has to be founded to the ground or there has to be direct and continuous supervision. The foundation plan and supervision instructions have to be part of the technical construction dossier.
