

15305.05 – Shark Cave

Supplier/manufacturer	Playdium
Serial number	- unknown -
Applied standards and regulations	EN 1176-1:2017
Description	Climbing element, falling height 86 cm Length 140 cm, height 85 cm
Submitted documents	None

Physical assessment

The design complies the criteria.

The shark can be lifted by a group of children. Therefore it has to be founded to the ground or there has to be direct and continuous supervision. The foundation plan and supervision instructions have to be part of the technical construction dossier.

The opening in which a head can be entrapped is situated lower than 60 cm from the standing surface and therefore complies.
